

The background of the slide features a dark, textured surface, likely a chalkboard, with a lightbulb resting on it. A pen is visible in the upper left corner. Faint chalk drawings of circles and lines are scattered across the board. The right side of the slide is decorated with overlapping, semi-transparent blue geometric shapes, creating a modern, abstract look.

# Using Social Media Effectively in your Business

Ballyhoura Development  
Forrest Hall, Mitchelstown  
28 September 2018

# Workshop Topics -

- ▶ **Facebook.** How does it work and what to include in your profile?
- ▶ **Twitter.** What should you post and when?
- ▶ **Instagram.** Where to find good quality visual content?
- ▶ **YouTube.** How to put a 'human' face on your enterprise?
- ▶ Developing a practical **social media plan** on a campaign by campaign basis
- ▶ Managing an enterprise's brand across channels
- ▶ Content Marketing - how to develop a content marketing plan
- ▶ Monitoring results - what works?

# Social Media Trends Globally 2017

Social media channels - global users:

- ▶ Facebook - 3.49 billion users per month
- ▶ YouTube - 1.79 billion
- ▶ Instagram - 500 million
- ▶ Twitter - 313 million
- ▶ Reddit - 234 million
- ▶ LinkedIn - 106 million
- ▶ Pinterest - 100 million

# Points worth noting ...

- Size of social media audience (locally and nationally)
- Each person's social footprint continues to grow
- Research online, purchase offline
- Social media promotes word-of-mouth marketing
- Use of dual screen interactive TV viewing
- Use of mobile for purchasing and information
- Growth in 'social' news (including 'fake' news)

# Facebook for social

- Build Trust and Relationships with Page Followers
- Entice with images and relevant keywords that consumers will use at each stage of the buying journey
- Make it easy for people to reach you!
- Tell the story of your business on an ongoing basis - stories build emotional connections = Trust + Relationships
- Use Facebook Live to let people get to know you
- Use Branded Hashtags. Share customers content

# Facebook - practical tips

## Top tips

- ▶ Fill out your profile
- ▶ Fill in 'About Us'
- ▶ Use CTA buttons for Contact
- ▶ Be responsive to posts

## Top tips

- ▶ Use images with posts
- ▶ Space out your posts
- ▶ Create a 'buzz' around events
- ▶ Use Facebook Live

# Instagram - Practical Exercise

- ▶ Create a caption for a photo that best depicts your business!

# YouTube - A 'Human Face' and Voice

- ▶ [https://www.youtube.com/channel/UC8TW\\_DyLQlYR-XKwvRUTiTXg](https://www.youtube.com/channel/UC8TW_DyLQlYR-XKwvRUTiTXg)
- ▶ <https://www.youtube.com/user/DelphiAdventure>

# Create a Social Media Plan - Key Steps

- ▶ Identify the people you are targeting your social media content at e.g. customers.
- ▶ Specify your objectives e.g. raise awareness about a new product or encourage followers to buy tickets for an upcoming event.
- ▶ Identify who will be responsible for developing content and which social media channels you will use.
- ▶ Specify the kind of social media content you will post and share and how frequently.
- ▶ Set a review date, so that you can look back at what your social media activity has achieved.

# Social Media Planning - Actions!

- What social media channels will you use?
- What changes/additions do you need to make to these channels?
- What type of content can you produce or re-purpose e.g. news copy, images, videos, testimonials, special offers?
- What 'story' themes will you use?
- How much time will be required to manage each channel on a weekly basis?
- How will you integrate your online activity with other marketing activity?

# Social Media Strategy - Reasons for Failure

- Lack of: strategy, understanding of users, posting relevant messages, consistency, monitoring
- Lack of internal resources to manage social media platforms
- Failing to engage audiences and thus having a limited reach - lack of 'viral' appeal
- Lack of content guidelines
- Ineffective paid advertising

# 6 C's of Social Marketing

## 1. C = Communities (Online)

People gather to chat. Let people create bonds between each other rather than simply between the community group and individual users

# 6 C's of Social Marketing

## 2. C = Conversations

Communication is about conversation, not “pushing a message” on people. Avoid the hard sell on social when organising events!

# 6 C's of Social Marketing

## 3. C = Content

Content needs to be fresh and timely.

# 6 C's of Social Marketing

## 4. C = Continuity

React to news and conversations. Micro strategy throughout the year. Micro campaigns rather than big ideas

# 6 C's of Social Marketing

## 5. C = Context

If you don't have original content, piggyback on existing conversations i.e. borrow relevance. But needs to reinforce what you do and stand for

# 6 C's of Social Marketing

## 6. C = Control

Organisations don't control the conversation on social, people do!

# Goal of Social Marketing

To get users to incorporate your social media offerings/brand into their online lives

# Practical examples - social marketing

The art of conversation. How to get the conversation started!

#Hashtag alert!!

# Practical examples user generated content

#OmahaWeekend - Instagram and Twitter

#TakeOnPocono - Instagram

#AtlatisResort - Instagram

#1happysnap - Aruba Tourism on Instagram

#FindBuster - on Twitter

# Practical examples user generated content

## Exercise:

- Devise the 12 frames of Munster Vales Trail
- Best coffee trail - promo on Facebook
- Competition?

# Branding: What is Digital Marketing?

- ▶ The marketing of services and products through any digital medium such as the Internet, mobiles and digital displays.
- ▶ Why is it important for non-profits?
  - ROPO: Research Online, Purchase Offline
  - Use of mobiles by consumers and businesses for product search and brand assessment

# Website Design Matters!

- ▶ Websites should have a responsive design!
- ▶ When determining the purpose of your site:
  - Context: devices it will be viewed on
  - Website users and marketing personas/personalities
  - Integrate social media
  - Reasons for visiting a website
  - Peak viewing times and hosting packages
  - Stakeholder needs

# Website Design - SEO - Get Found!

- ▶ Page Title - the text contained in the browser bar
- ▶ Page heading - the name of the page we have landed on as it appears on the actual web page
- ▶ Keywords - the words people put into a search engine when they are looking for relevant content. These keywords should appear on our web pages
- ▶ Links - search engines favour links more than regular content
- ▶ Updated content - search engines love new content
- ▶ Using natural language - words used by website visitors
- ▶ Topical content - time specific or event specific content
- ▶ Unique content - content not available on any other website
- ▶ URL - include keywords

# Branding and Brand Definitions

**Brand** is the sum total of how someone perceives a particular organisation. **Branding** is about shaping that perception.

***Ashley Friedlein***

Your **brand** is what other people say about you when you're not in the room.

***Jeff Bezos***

# Implications for Developing Brands

- Need to build emotional relationship between organisation and people
- Engage and build positive associations
- People experience your brand as they would an individual's personality
- Your brand leads people to believe your organisation will behave in a certain way
- Social media content should reflect your brand!

# Brand Identity

Elements of brand identity:

- Logo type, brand mark/symbol, typography, colour
- Photography, illustrations, images
- Slogans, guidelines
- 'Sound' of voice

# Manage Brand Elements

## Elements of a brand:

- **Message:** Mission/Vision, Unique Statements, Features and Benefits
- **Practice:** quality of human interactions, product/service quality, news feed, service referrals
- **Visual:** Online, bricks & mortar, packaging, brochures, images, logo
- **Client perceptions:** what the client 'feels' towards the organisation (combination of the 3 elements)

# Check Brand Consistency

What does the world see when they engage or view:

Staff Attitude

Corporate Identity

Customer Service

Facilities

Business Location

Website

Social Media Platforms

Public Relations

Sales Approach

Phone etiquette/voicemail

Print media/brochures

Business Cards

Product/Service Quality

Pricing & Marketing

Campaigns
